

What is **Spur** Shelving?

Spur shelving® is a sub brand of **Spur**® a wide range of products including shelving systems developed since the 1950's and made exclusively in the UK by Eff Manufacturing Ltd under licence from Asset Protection and Licencing Ltd.

Spur is the brand of choice for many architects and is best known for **Spur Steel Lok** which was the first in brand system, manufactured at the original factory in Watford under the ownership of the Savage and Parsons.

Spur is a badge of quality respected by many as best in class. The brand also includes the aluminium TSlot range, free standing frame shelving and document archive shelving units.
